

In Need Of A Spirit Spectator?

OUR CREDO

"We Investigate The Spiritual World
With Dignity, Respect And Honor"

The T.V.I. Perspective

An increasing lack of consistency in understanding hauntings, ghosts, and other manifestations of spirit beings makes informed knowledge ever more crucial. Thin Veil Investigators believes that our collective knowledge of the paranormal should be shared, to educate everyone on the actual attitude, condition and behavior of spirits.

Using our years of experience with the interaction and detection of ethereal beings, T.V.I. resolves to put people at ease and help rid them of their fear. Because we may share our lives, homes, and land with spirits, T.V.I. wishes to assure people that the majority of ghosts are harmless, and that most spirits only want positive communication and reciprocation.

We offer:

Discreet investigations of paranormal activity and incidents at Cemeteries, Historical Buildings, Businesses, Museums, Private Homes, Land Sites, and even Items/objects. Clients are encouraged to participate in our investigation.

We provide:

Discussions and detailed reports on every Investigation. Photos, EVPs and video (if any are applicable) are on presented on Hardcopy and Disc. Our reports are discreet and timely.

The Investigators

Marilyn

Marilyn

A student of Richard Senate's Ghost Hunting Class, Marilyn shines as an exceptional Spirit interviewer. She is also our groups' premier researcher, and is a most excellent instructor on how to use dowsing rods. A true sensitive, she captures unique pictures of spirits and EVPs.

Sandie

Sandie

A Psychic in her career, she uses these abilities along with seeing and hearing in detail those who have crossed over. Messages to and from the spiritual world can be sent via this lady. Spirits like her and will cluster for incredible pictures to be taken when Sandie asks them to.

Janet

Janet

A lifelong Ghost Hunter and Psychic, she brings remarkable personal expertise to all of our Investigations. Spirits appreciate her respect, knowledge, interaction and enthusiasm for them. Janet has been blessed as being a Ghost Magnet, for they surely love to be with her!

Melba

Melba

Upbeat and positive, she is the teams' Power Pack; she helps to keep us alert, energized and aware. An asset on every plane of our investigations. Very measured and insightful as well, she also has the spirituality of her Native American heritage at her fingertips.

Todd

Todd

Having the skill and expertise of electronic equipment, Todd helps capture the spiritual world in a scientific, unique way, for all to see. A Sensitive too, spirits bound to him for recognition and screen time! An asset to the team on many levels!

Ghost
Writer

Ghostwriter

The ascetic Ghostwriter's knowledge of the paranormal, and expertise in writing, make an excellent pairing; exclusively for T.V.I. The informative and reasoned written contributions from the Ghostwriter manifest the spirit of dedication and enthusiasm of the T.V.I. Team.

Kim

Kim

She is a Physical Sensitive, meaning she physically feels the spirits that are around her. A genuine and caring soul herself, the spirits of children gravitate to her kindness and compassion. Founder and tour guide of "Genoa Historic Ghost Tours," a docent for museums, as well as a history buff, Kim is an asset to we Veilers on all levels.
